

# Clamp Meters, Clamp Multimeters

Home Service & Support Discontinued/Replacement Products Clamp Meters, Clamp Multimeters

The successor/replacement products listed below may not be fully compatible with the functions of the discontinued products. Specifications provided in brochures and instruction manuals are for reference only, and may have changed since its publication. In addition, please note that the contact address for Hioki and our group companies indicated in some of the documents may not reflect the most updated information.

Should you need any further assistance, please [contact us](#).
